# Middle Corridor Solutions

Contact us today and Get your rate!

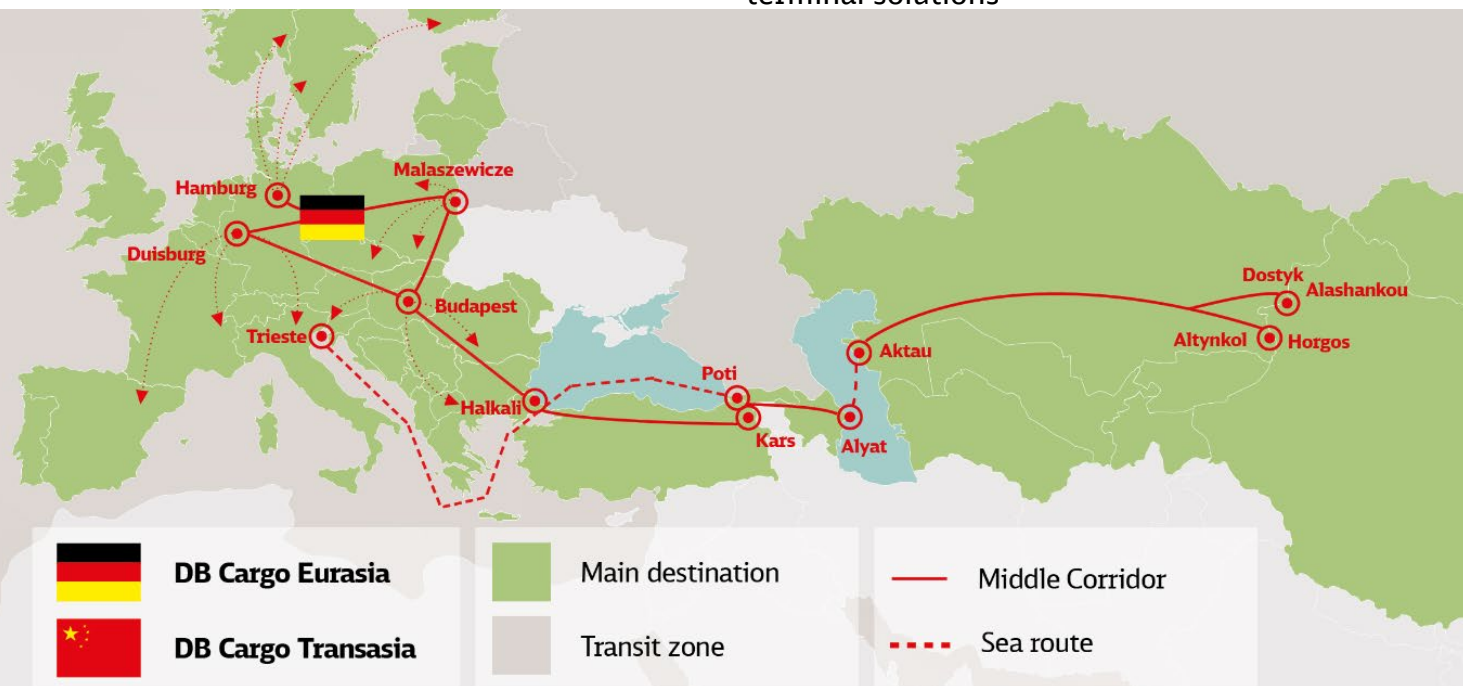

Choose your alternative transport solution - via Poti or Halkali

## via Turkey (Halkali)

- Direct link between Europe, Central Asia and China
- Faster transit times compared to the traditional Black Sea route
- Suitable for high-value and time-sensitive goods
- Attractive solution for the automotive, electronics, mechanical engineering and spare parts sectors
- Stable infrastructure throughout Turkey and the South Caucasus

## via Georgia (Poti)

- Regular services from the EU to Central Asia via the port of Poti with access to Kazakhstan, Uzbekistan, Kyrgyzstan, Turkmenistan and the South Caucasus
- Suitable for the automotive, mechanical engineering, chemical and consumer goods industries / dangerous goods
- Option of door-to-door and terminal-to-terminal solutions
